Peterson Pipe Gift Kit

High Polish Chrome Lighter

Suggested Retail: \$99.00

When Friedrich and Heinrich Kapp opened their business in 1865, they could scarcely have dreamt that they, with their partner Charles Peterson, would go on to become Dublin's most fashionable and respected manufacturer of fine smoking pipes. In 1890 Peterson invented a revolutionary new system that allowed surplus tobacco moisture to drain into a specially designed reservoir within the carved briar.

The dedicated team of craftsmen at Peterson today continues the skills and craft that Charles Peterson applied to his original invention over a century ago. Coupled with a patented gradiated stem, the Peterson System provides one of the driest smokes ever.

Now Zippo enhances the genuine classic Peterson pipe with a classic high polish chrome Zippo lighter. The special pipe lighter insert allows a strong, steady flame that doesn't burn the pipe bowl. This distinctive gift set is not just a pipe dream . . . but it is available only while quantities last!
