Luxury Designs

Several distinguishing characteristics identify the 1941 Replica. The 1941 case has flat planes with sharp, less rounded edges where the front and back surfaces meet the sides, and the lid and bottom are joined with four-barrel hinge, rather than the current five-barrel.

The inside unit closely replicates the design of the original 1941 model inside unit. Straight, flat sides meet the front and back surfaces with squared edges. The chimney has fewer holes, and a hollow rivet holds the striking wheel in place, similar to the 1941 design.

An exclusive bottom stamp authenticates the 1941 Replica models.

La marqueterie

Nos bouquets et paysages sont entièrement réalisés à la main à base de fleurs naturelles cueillies et séchées par nos soins, découpées puis assemblées à l'aide de fines pinces. Plusieurs couches de résine viennent successivement immortaliser ces compositions et leur donner plus d'éclat. Chaque pièce est unique, notre palette est la nature.
