Celebrating 500 Million Lighters

The Legacy Continues

For over eighty years, Zippo has been manufacturing the most durable and trustworthy lighter in the world.

With such a legacy, milestones are common.

This year Zippo celebrates a significant one, producing our 500 millionth lighter.

Beginning with the first lighter in 1933, every Zippo lighter has been backed by our famous guarantee, "it works or we fix it free.™" Zippo lighters are uniquely positioned as valuable and timeless classics that should never be thrown away.

Whether used in everyday life, taken on uncommon adventures as a reliable companion, or simply collected for its charm and character, the Zippo lighter continues to be respected and treasured around the world.

500 Millionth Lighter

500 Millionth Lighter
2.003.082 #200 · 75,- €

This one-of-a-kind lighter has a classic brushed chrome finish with two-tone engraving and exclusive one-day bottom stamp. This is the first of more than 50,000 pieces produced to commemorate the milestone, hence the "1" serialization on the front. It is displayed in a special exhibit at the Zippo/Case Museum in Bradford, Pennsylvania.

Don't we all know it – the Zippo cigarette lighter with the characteristic click that always works? But do you also know how the Zippo lighter got its name?

For finding a name, the American company founder George G. Blaisdell let himself be inspired by another invention of his times – the zipper. He liked the sound of that word – and simply called his invention zippo.

Zippo's Iced process highlights multi-faceted engraving layered with a translucent powder coat to give the illusion of looking through a thin sheet of ice. Design is on both front and reverse surface of the lighter. May be imprinted over Iced surface for a truly unique look.

Early in 2010, Zippo began to laser the finish off the hinge of powder coated lighters. Although implemented primarily for cosmetic reasons, lasering the hinge area will provide another indicator of a genuine Zippo lighter. Several years ago, we began lasering the powder coat off the bottom of matte lighters to enable clearer view of the bottom stamp identifying the lighter as a genuine Zippo lighter. Similar to this enhancement, a lasered hinge barrel will provide further assurance that the unit is a genuine Zippo lighter.

Crown Stamp

Zippo tailors the world's favorite lighter with a creative and innovative Crown Stamp on the very top of a high polish chrome lighter. Let the stamped image either ZIPPO and flame or Made in USA be the message. Packaging includes a reflective I-card that draws attention to crown stamp.

Framed Chrome

Zippo puts an intriguing spin on classic brushed chrome. The front and reverse surfaces are vertical brushed chrome, but the outside edge surfaces are black matte. So is it brushed chrome or black matte? Both . . . it's Framed, a hot new look for an old favorite.

1935 Replica

The 1935 lighter, one-eighth inch shorter than subsequent models and manufactured for less than three years, has been replicated in stunning detail featuring the original look and elements that made this lighter one of the most collectible in Zippo's history.

Like the original, the 1935 Replica features a three-barrel outside hinge joining the lid and bottom, an open hollow rivet that secures flint wheel to inside unit, a flat bottom case, and slashes on the opposite corners of the face and back surfaces. A distinctive bright brushed chrome finish and unique bottom stamp identify the 1935 Replica.

The 1935 lighter was the last of Zippo lighter production to feature the hinge on the outside of the case. Coincidentally, 1935 was the first year that company logos were applied to the face of the Zippo lighter, leading to the creation of the Zippo ad specialty division, later known as Zippo promotional products.

Bottomz Up

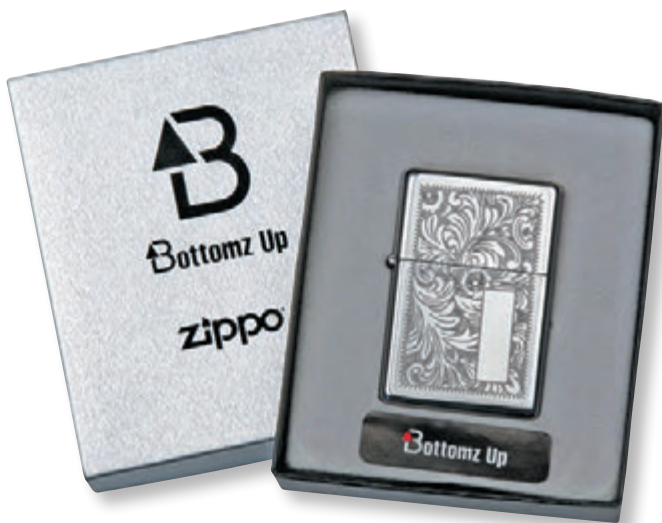

Bottomz Up

For decades, the Zippo bottom stamp has marked the authenticity of every genuine Zippo lighter. The simple system of dots and slashes, initiated to aid identification of lighters coming back to Zippo for repair, was later replaced by letters and Roman numerals, and still later by letters and digits signifying the month and year of manufacture.

Now Zippo is turning the whole system upside down ... literally.

Bottomz Up displays the traditional Zippo stamp not only on the bottom, but also on the top of the high polish chrome lighter. The conventional date code, showing month and year of manufacture, is stamped on the canned-style bottom while the canned-style lid is branded with the year of manufacture and the symbol identifying it as Bottomz Up.

This lighter marks the inaugural release of Bottomz Up.

No kindling? No newspaper?
 Well, with our campfire Starter cedar pucks, that's no problem. The unique blend of compressed cedar sawdust and wax lights quickly, even when it's wet. The back of it is scored so it can be used to start four fires, it's made from 100% all-natural recycled material, and it gives off a Western Red Cedar aroma.

Hand Warmer

You want to be able to enjoy the Great Outdoors even when it's cold outside. And that's why we built our rugged, metal **hand warmer**. It has a high-polish finish and a sleek, thin design so it easily fits into pockets, and it's virtually odorless (great for hunters) and stays warm for up to 12 hours. Plus, it's reusable with Zippo lighter fluid and includes a convenient filler cup and warming bag.

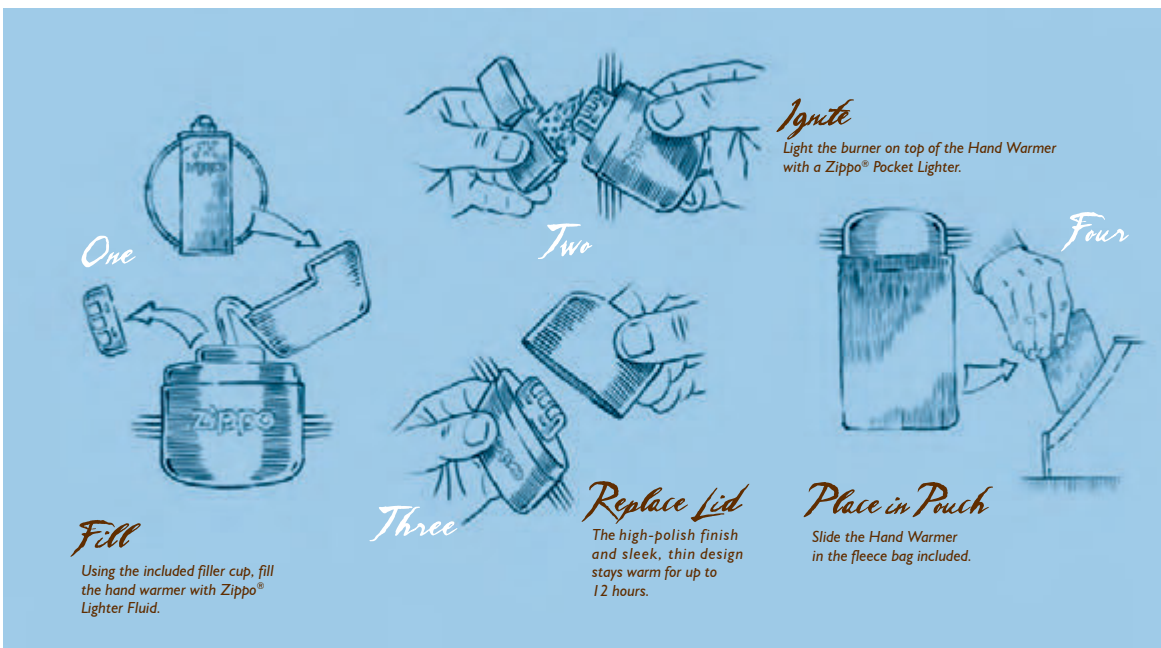

So whether you are going hunting or hitting the slopes, our hand warmer will keep you warm while you're at it. Ideal for hunting, ice fishing, skiing, snowmobiling, and outdoor sporting events.
