All Zippo Lighter decorations are protected by copyright Zippo Manufacturing Company. All Rights Reserved.

Because we are constantly improving our products, some items may not look exactly as depicted. Prices and specification subject to change without notice.

All prices are suggested retail prices, subject to be changed.

HISTORY

The Legacy Continues

For over eighty years, Zippo has been manufacturing the most durable and trustworthy lighter in the world.

With such a legacy, milestones are common.

In 2012 Zippo celebrates a significant one, the 500 millionth lighter.

Beginning with the first lighter in 1933, every Zippo lighter has been backed by our famous guarantee, "it works or we fix it free.™" Zippo lighters are uniquely positioned as valuable and timeless classics that should never be thrown away.

Whether used in everyday life, taken on uncommon adventures as a reliable companion, or simply collected for its charm and character, the Zippo lighter continues to be respected and treasured around the world.

THE WORLD FAMOUS
ZIPPO

GUARANTEE

Any Zippo pocket lighter, when returned to our repair clinic, will be put in first class mechanical condition free of charge, for we have yet to charge a cent for the repair of a Zippo pocket lighter, regardless of age or condition. The finish, however, is not guaranteed. This guarantee is additional to your statutory rights under national law.

ICE PROCESS

Zippo's Iced process highlights multi-faceted engraving layered with a translucent powder coat to give the illusion of looking through a thin sheet of ice. Design is on both front and reverse surface of the lighter. May be imprinted over iced surface for a truly unique look.

Early in 2010, Zippo began to laser the finish off the hinge of powder coated lighters. Although implemented primarily for cosmetic reasons, lasering the hinge area will provide another indicator of a genuine Zippo lighter. Several years ago, we began lasering the powder coat off the bottom of matte lighters to enable clearer view of the bottom stamp identifying the lighter as a genuine Zippo lighter. Similar to this enhancement, a lasered hinge barrel will provide further assurance that the unit is a genuine Zippo lighter.

Pipe Lighter

The Zippo pipe lighter is made to the same high quality standards as a Zippo windproof lighter, but designed for the special needs of pipe smokers. The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: perfectly lit tobacco, with no damage to the pipe. The insert of a Zippo pipe lighter is exactly the same size as the standard windproof lighter insert, allowing pipe smokers who have a treasured Zippo windproof lighter the option of replacing the insert to continue carrying the favorite case.

BOTTOM STAMP CODES

ZIPPO

(1933 - 1954)

ZIPPO

(1955 - 1979)

zippo

(1980 - Present)

As with most collectibles, the date of manufacture of a Zippo lighter often affects its value. Valuable information on the bottom of every Zippo lighter can help you determine its date of manufacture. Most lighters fabricated between 1933 and 1957 can be identified by style and model and the patent or patent-pending marks.

Starting in the mid 50s, date codes were stamped on the bottom. The original purpose was for quality control. The date codes have since become an invaluable tool for Zippo collectors.

The appearance of the word “Zippo” in the bottom stamp provides another clue to dating. There have been three major changes, as shown in inset. From 1933 to the mid 50s the word Zippo was stamped in block letters.

The Zippo script logo was developed in the late 40s and was phased-in on the lighter bottom stamp around 1955. In the late 70s the logo was redesigned. It was incorporated into the bottom stamp in 1980.

Regular Lighter Identification Codes

| 1933 | Patent Pending |

- ① On some lighters, this number was stamped in error, should have been Patent 2032695.
- ② Zippo records indicate an overlap of bottom stamp configurations from 1949-1957.
- ③ Some lighters produced between 1955-57 were date coded; however, specifics remain unclear.
- ④ In 1979 an error was made in the date code. One of the slash marks was removed from the left of the Zippo trademark instead of being removed from the right; thus the code read: / //. This date code error was corrected within the same year to read: // /
- ⑤ Effective July 1, 1986 the dot and slash system was replaced by year / month code. Year is coded by Roman numeral; letter designates month (A=January, B=February, etc.)
- ⑥ Beginning in 2001, the Roman numerals indicating the year were replaced with numbers corresponding to the last digits of the year of manufacture.
- ⑦ The first Zippo BLU® butane cases were made in 2005. The date code is the same format as regular windproof lighters.

*Code is subject to change without notice.

Slim Lighter Identification Codes

Slim lighters were first introduced in 1956, with a flat bottom and no date code. The first markings were added in 1957 and overlapped into 1958. From 1957-1965 the code configuration on the slim lighters differed from the regular lighters. From 1966 on, the configuration has been the same.

CRAIG MOREY

Craig Morey

Craig Morey was born in 1952 in Ft. Wayne, Indiana, in the Midwestern U.S. He attended Indiana University and studied with the noted Bauhaus artist, Henry Holmes Smith.

Morey's personal work with abstract and whimsical black & white nudes garnered numerous exhibitions and awards.

He started to pursue a free-lance photography career. Morey began creating a series of striking black & white nudes which appeared in numerous publications in the U.S., Canada, and Europe. Morey's newest collection, Twentieth Century Studio Nudes, has recently been released.

Craig Morey lives and works in the San Francisco Bay Area.

Understated Elegance

The sophistication of an 18k solid gold case or a sterling silver case combined with the panache of classic Zippo styling. You can feel the balance of all the elements. This Zippo lighter travels in the finest company and makes no apology for its pedigree.

1935 Replica

The 1935 lighter, one-eighth inch shorter than subsequent models and manufactured for less than three years, has been replicated in stunning detail featuring the original look and elements that made this lighter one of the most collectible in Zippo's history. Like the original, the 1935 Replica features a three-barrel outside hinge joining the lid and bottom, an open hollow rivet that secures flint wheel to inside unit, a flat bottom case, and slashes on the opposite corners of the face and back surfaces. A distinctive bright brushed chrome finish and unique bottom stamp identify the 1935 Replica. The 1935 lighter was the last of Zippo lighter production to feature the hinge on the outside of the case. Coincidentally, 1935 was the first year that company logos were applied to the face of the Zippo lighter, leading to the creation of the Zippo ad specialty division, later known as Zippo promotional products.

No kindling? No newspaper?

Well, with our campfire Starter cedar pucks, that's no problem. The unique blend of compressed cedar sawdust and wax lights quickly, even when it's wet. The back of it is scored so it can be used to start four fires, it's made from 100% all-natural recycled material, and it gives off a Western Red Cedar aroma.

HAND WARMER

You want to be able to enjoy the Great Outdoors even when it's cold outside. And that's why we built our rugged, metal **hand warmer**. It has a high-polish finish and a sleek, thin design so it easily fits into pockets, and it's virtually odorless (great for hunters) and stays warm for up to 12 hours. Plus, it's reusable with Zippo lighter fluid and includes a convenient filler cup and warming bag.

So whether you are going hunting or hitting the slopes, our hand warmer will keep you warm while you're at it. Ideal for hunting, ice fishing, skiing, snowmobiling, and outdoor sporting events.

Hand Warmer chrome

Hand Warmer black
2.002.583 · 37,50 €

One

Fill

Using the included filler cup, fill the hand warmer with Zippo® Lighter Fluid.

Two

Ignite

Light the burner on top of the Hand Warmer with a Zippo® Pocket Lighter.

Three

Replace Lid

The high-polish finish and sleek, thin design stays warm for up to 12 hours.

Four

Place in Pouch

Slide the Hand Warmer in the fleece bag included.

FLEX NECK

Grills, lanterns, tiki torches and fireplaces all require a certain degree of precision when being lit. And that's where the FlexNeck Utility Lighter comes in.

It's slim, powerful nozzle easily fits into the openings on most grills and lanterns, and with wind-resistant dual-flame technology, it's ideal for any outdoor setting.

Wind-resistant dual flame technology, flexible extended neck, topped by a slim, powerful nozzle, easily fits all lighting openings.

- Available in two finishes; satin silver and rubberized flat black Rugged metal construction
- Advanced ignition system
- Adjustable butane flame
- Patented safety button
