2022 Collectible of the Year

An American icon turns 90.

Zippo's 2022 Collectible of the Year proudly commemorates 90 years since a spark of genius set a new global standard.

Inspired by the cumbersome and awkward nature of a friend's lighter, founder George G. Blaisdell set to work creating an easy-to-use, windproof alternative. 90 years later, we proudly celebrate the ingenuity of the original Zippo lighter with an equally timeless keepsake.

For this year's collectible, we've pulled out all the stops. The classic windproof lighter gets our Armor® heavy-wall construction, is decorated with a first-ever combination of 360 MultiCut, 3D Deep Carve, Lustre and Laser Engrave processes and features the debut of an all-new red glitter epoxy inlay to commemorate this milestone. We chose to surround the case with a diamond pattern as a nod to a popular gift for 90th anniversaries as well as the sheer exclusivity of the piece.

The 2022 Collectible of the Year comes in unique finishes according to your region: Black Ice for the Americas; High Polish Chrome for Europe, the Middle East and Africa; and High Polish Gold Plate for Asia Pacific. Each lighter is consecutively numbered, features an exclusive anniversary bottom stamp and comes in special collectible packaging.

Production will be extremely limited, so don't miss the opportunity to offer this global collectible that is exclusive to your region.

Most recognized for his mystical and dreamlike illustrations, Royo effortlessly moves from horror to the lyrical in the stroke of a pencil. Zippo has replicated his work with Color Image on Street Chrome models, allowing the striking drama of the scenes to take center stage.

Vintage Lighters

There's Nothing Old About Zippo Vintage.

The success of Zippo's 50th anniversary commemorative lighter in 1982 was a strong indicator that Zippo customers and collectors were receptive to the addition of more vintage-style lighters to the product line. Zippo Vintage lighters were introduced in 1985, designed after a similar Zippo lighter created in 1937.

Distinctive features:

- Five-barrel hinge that joins the lid and the bottom; same as current Zippo lighter.
- Sides of the unit are flat, with rounded corners and edges replicating the 1935 square case.
- Flat bottom and top case with current bottom stamp.

Signature Custom Imprint Methods

Auto Engrave

The crisp, clean jewelry look of auto engraving has become one of the most popular methods of customization. Skilled operators use either rotary engrave or diamond cut method to inscribe an image into the product using creative fill patterns. A dimensional effect can be achieved by using directional fill patterns.

Also known as Rotary Engraving or Computer Engraving.

Acceptable formats include .psd, .tif, .eps, .jpg (provided the resolution is high enough).
