## Bimetal Case Lighter

Following the success of the Solid Copper Case program, Zippo is excited to introduce the Bimetal Case lighter for the very first time. Constructed of both solid copper and solid sterling silver and buffed to a high-polish finish, these stunning showpieces mark Zippo's second foray into hybrid cases in its history – the first being an ultra-limited test run in 2007. With two versions to choose from, each limited, pre-production model is designed to develop a unique and luxurious patina over time and is authenticated with a unique bottom stamp.

## Founder's Day

"Build your product with integrity, stand behind it 100%, and success will follow." This straightforward advice, given by Zippo founder George G. Blaisdell, has guided Zippo's dedication to quality and service since our founding in 1932 – and is the main reason that Zippo remains one of the most beloved brands in the world today.

In honor of Founder's Day, this sleek High Polish Black keepsake features a young George G. Blaisdell posing with a larger-than-life sales model on the front of the lighter in an elegant Photo Image design. A consummate salesman, these oversized replicas were one of Mr. Blaisdell's favorite demonstration tools – second only, perhaps, to the Zippo Car, which we celebrate with the 2023 Collectible of the Year!

A later portrait of Mr. Blaisdell appears on the reverse side, anchored by his signature and set under a laser-engraved representation of his real-life seal of approval. The evolution of Zippo's date code system – an invaluable tool for collectors all over the world – forms a subtle backdrop on each side of the piece. Each lighter features a commemorative bottom stamp and comes in giftable packaging.

## Norman Rockwell

Renowned painter and illustrator Norman Rockwell is perhaps most beloved for his charming and enchanting depictions of American life over the course of his prolific career. With over 4,000 captivating pieces of original art, Rockwell is a master of telling an entire story with a single image while adding a touch of nostalgia. Zippo is thrilled to offer two stunning samples of Rockwell's iconic portfolio in our 2023 Supplement: *Man's First Step on the Moon* appears in vibrant Color Image under a laser-engraved starry skyscape on a sleek Black Matte lighter, while *A Pictorial History of the United States Army*, depicting the evolution of the US Army, is represented in Color Image on a classic Navy Matte lighter.
